CAREER OBJECTIVES

Seeking a Part-Time Instructor position at Davao del Sur State College, where hands-on software development experience can be brought directly into the classroom. Driven to teach practical, applied technical skills grounded in real client work, while pursuing a Master's degree in Information Technology to build a long-term academic career.

EXPERIENCE

February 2026 - Present
Municipality of Sulop, Municipal hall, Poblacion

STUDENT LEAD DEVELOPER

- Lead development coordination across multiple interconnected government information systems, under faculty supervision
- Took over technical ownership of systems after turnover, managing databases and cross-system integration
- Represented the project as an exhibitor at the 2026 Regional Science, Technology, and Innovation Week in Davao del Sur

September 2025 - Present
Medapharma and Medical Supplies Distribution

ADMINISTRATIVE SUPPORT (VOLUNTEER)

- Processed pharmacy license renewals by coordinating with government agencies
- Assisted in registering a pharmacy warehouse with the FDA
- Managed compliance documents and professional correspondence
